

VILLAGE OF LOON LAKE - REPORT FOR INCLUSION TO WEBPAGE

The Loon Lake Detachment of the RCMP responded to 52 calls for service in the Village for the month of February 2016.

We continue to have court in Loon Lake 3 times a month, which seems to be working well.

Our Detachment is at full strength now. There will be some rotation out, with replacements being named and coming in this spring.

The Detachment continues to conduct curfew checks nightly, and have increased patrols of the Village and Cabin areas.

The Detachment Commander continues to attend meetings within the community, in particular the "Our Communities Gathering", spearheaded and run by Cheryl Smith. The Detachment Commander is available to attend any meetings that come up. Please provide at least a day's notice.

With the coming of spring and summer, this Detachment will be more visible on the streets in the community, and at the school.

If you have any community functions coming up, please let us know so we can attend and participate.

Until next month.

Sgt Phil DeGruchy

Detachment Commander

RCMP Loon Lake, Sk.
